Additional Information

Products manufactured by Kettle Foods comply with all relevant UK and EU legislation, including but not limited to the Food Safety Act 1990, and subsequent amendments.

Systems are in place to satisfy the defence of "all reasonable precautions and all due diligence".

A documented Quality Management System is in operation.

Genetically Modified Organisms:

The deliberate inclusion of genetically modified protein or DNA shall not be permitted in any ingredients supplied to Kettle Foods. Ingredient and raw material suppliers shall be able to demonstrate robust procedures and controls throughout the supply chain that provide assurance against risk of cross contamination with genetically modified materials.

Kettle Foods is accredited under the British Retail Consortium Global Standards protocol.
